Microsoft Fabric

The unified data platform for AI transformation

AI Powered Development

Complete data platform

Unified, SaaS-ified

Secured and governed

AI Powered Data Estate

OneLake

Multi-cloud

Open at every tier

AI Powered Insights

For every business user

Built into Microsoft 365

M365 Copilot Integrated

Prebuilt AI models in Fabric

Out-of-the-box AI capabilities in notebooks

- Azure AI services in Fabric - prebuilt AI models without any prerequisite
- Use Fabric authentication to access AI services
- All usage will be billed against your Fabric capacity (starting December 1st)
- Currently in public preview with limited AI services available

Azure
OpenAI

Text Analytics

AI Translator

No F64+ required
